

MediaSmith™

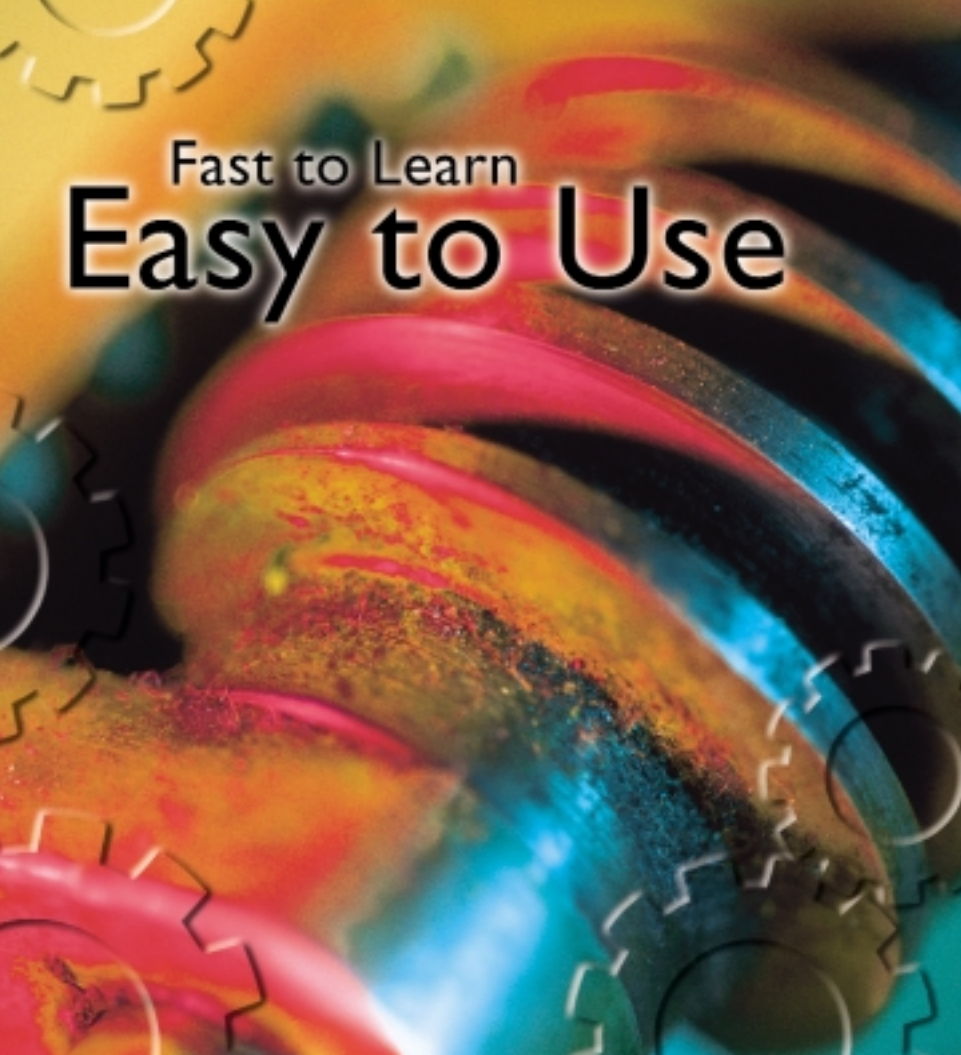

www.mediasmithsw.com

If we all did the things we are capable of doing, we would amaze ourselves.

Fast to Learn

Easy to Use

What is **MediaSmith™**

MediaSmith™ is a multimedia authoring tool which allows students with no programming experience to be able to create their own projects. Students using MediaSmith™ can work with graphics, sound, video, animation, text or any combination of these to fully realize the potential of multimedia.

What can you do with MediaSmith™?

- interactive presentations and reports
- talking journals
- digital photo albums
- interactive games and quizzes
- kiosk content
- dynamic learning materials
- cross curriculum activities
- cooperate group projects
- and much more!

Projects can be completed up to 3X faster using this tool.

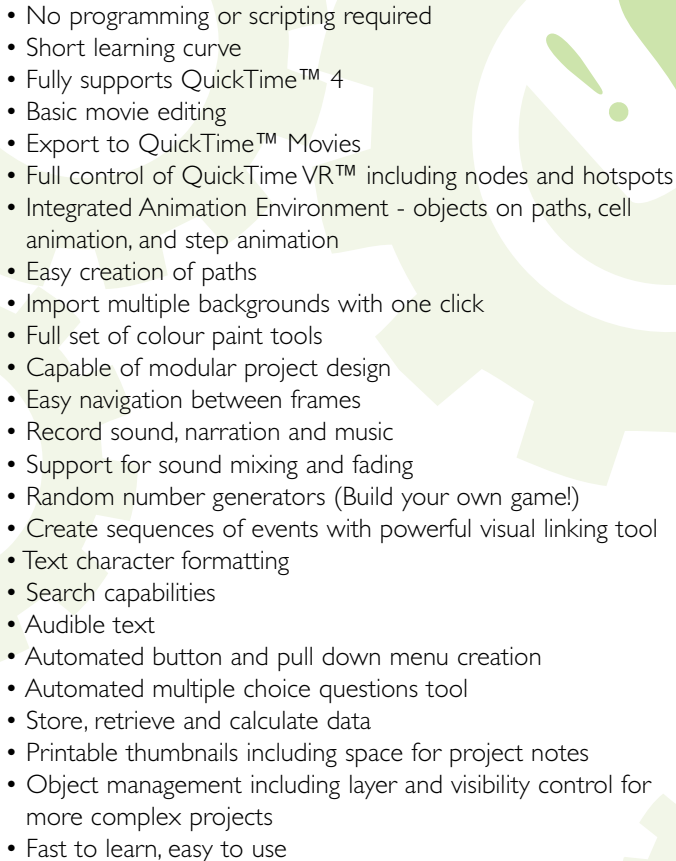

What is included on the Demo MediaSmith™ CD?

- MediaSmith™ 1.82 30-Day Demo
- MediaSmith™ Manual and Samples
- Trans Canada Trail Tutorial and Resources

MediaSmith™ Features

- 
- No programming or scripting required
 - Short learning curve
 - Fully supports QuickTime™ 4
 - Basic movie editing
 - Export to QuickTime™ Movies
 - Full control of QuickTime VR™ including nodes and hotspots
 - Integrated Animation Environment - objects on paths, cell animation, and step animation
 - Easy creation of paths
 - Import multiple backgrounds with one click
 - Full set of colour paint tools
 - Capable of modular project design
 - Easy navigation between frames
 - Record sound, narration and music
 - Support for sound mixing and fading
 - Random number generators (Build your own game!)
 - Create sequences of events with powerful visual linking tool
 - Text character formatting
 - Search capabilities
 - Audible text
 - Automated button and pull down menu creation
 - Automated multiple choice questions tool
 - Store, retrieve and calculate data
 - Printable thumbnails including space for project notes
 - Object management including layer and visibility control for more complex projects
 - Fast to learn, easy to use

*More than just igloos,
maple syrup, and polar bears...
Canada also has great software!*

TRANS CANADA TRAIL  **SENT**

The Trans Canada Trail is an off-road multi-purpose recreational trail that will stretch over 15,000 km from the Atlantic to the Pacific and up to the Arctic. Winding across Canada's vast geography the trail will connect travelers to our history, culture, communities, wildlife and landscapes. MediaSmith™ is a proud supporter of this magnificent project.

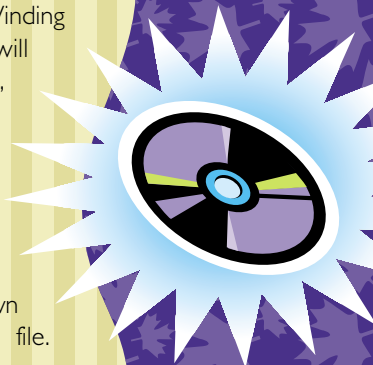

Included on the Demo MediaSmith™ CD is a Trans Canada Trail Tutorial. By using the step-by-step instructions, you can build your very own "Visit to the Trans Canada Trail" interactive file. Also included is a sample file for you to follow.
